## FEATURES/BENEFITS

Don't be tied to a fax machine! Choose TelNet's convenient, secure Digital Fax service. Save time, money and a bit of the planet as well. No more busy fax signals, or waiting for your fax to come in.

### EASY & EFFICIENT

- Send and receive faxes from anywhere
- Send faxes via online portal or email; supports multiple file attachment types
- Receive faxes as pdf in email inbox
- View, download, print or forward in/outbound faxes
- Search fax history; organize in folders
- Get instant notification of fax via email and/or text alert
- No special hardware/software needed

### SECURE

- Faxes go to your email and secure portal...not to a common fax machine
- Deliver faxes to one, or multiple email addresses
- No lost faxes
- Receive detailed fax logs and tracking info
- Manage faxes and settings via online portal
- Store faxes up to 90 days

### COST-SAVING

- Reduce costs and waste of ink, paper and pricey fax equipment
- Avoid installation, maintenance and IT costs
- Consolidate fax machines and eliminate costly fax lines
- Improve productivity; no busy signals or waiting for fax to arrive
- Go green
