

4 WAYS TO MAXIMIZE DIGITAL FAX

Send and receive secure and reliable faxes from virtually anywhere.

Email

Sending a fax has never been so easy. Simply send and receive faxes from your email inbox by connecting to any device with an internet connection.

Web Portal

Our portal gives you the power to manage every aspect of your account. From detailed call reporting to checking your fax history, our portal has everything you need.

Print To Fax

In three simple steps, you can send a fax from any Windows-based application that allows you to print. Our Print to Fax feature gives you the power to optimize the way you communicate.

Fax Bridge

POTS lines are a thing of the past! Move your fax machines and MFPs to the cloud. Increase your security and control of your fax devices with our HTTPS fax adapters.

Modernize Your Fax Solution Today!
