Yealink

# Specialty 4G Desk Phone

**Yealink is a global brand that specializes in high quality, innovative and user-friendly communications devices.**

## T74LTE Desk Phone

Part of Yealink's advanced and user-friendly desk phone portfolio, the T74LTE features a fashionable design, ultra-clear audio, enhanced security, flexible connectivity, and sustainability.

This game-changing phone runs over the 4G cellular network and handles a wide range of deployment scenarios.

### Smart Design

Ultra-slim, light / dark & accessibility modes, 3 rings of security and energy saving sustainability.

### Color Display

4.3 inch high resolution color LCD display with an intuitive user interface and stand with 2 adjustable angles.

### 4G Cellular Calling (VoLTE)

Provides reliable 4G connectivity (AT&T Certified). Includes one 100M Ethernet port, USB Type A port, built-in Wi-Fi and Bluetooth. Requires separate physical nano SIM card with cellular calling plan.

### Advanced Features

Phone status (BLF), easy transfer, company directory, call history and more.

### High Definition Audio

Ultra-clear audio quality and volume with Smart Noise Filtering, optimized Acoustic Shield and 3W speaker.

### Emergency Backup Phone

Automatically switch to a backup network during primary network interruptions. A built-in backup battery also provides emergency power during sudden outages (3hr talk, 8hr standby).

### Line Keys

Preconfigured line keys simplify the most common tasks and make call handling effortless.

### Classic Features

A comprehensive list of telephony features including extension dialing, caller ID, conferencing, voicemail and much more.

### Hybrid Key System

Option to press a single button to pick up an on hold call from any phone or choose classic PBX deployment.
